## CLYDE AROUND THE COMMUNITY

*Clyde attends events, visits schools and community members.*

### FIGHTING FOR JOBS AND ECONOMIC OPPORTUNITY

I have been fighting for New Yorkers and our community to have good jobs and entrepreneurial opportunities now and in the future. As Chair of the Subcommittee on Internet and New Technologies, I am tasked to prepare our workforce for the future. I am excited to share that the bill A1153A has passed in the Assembly and was signed by Governor Hochul in October. This bill relates to unregistered and unlicensed mortgage brokers; and establishes additional penalties against unlicensed or unregistered persons or entities engaging in activities after receiving a cease-and-desist notice. It is important that we prepare our homes and families to work with licensed and registered mortgage brokers. We must work to ensure that the middle class is able to afford to remain middle class while the price of homes, food and basic services continue to rise. I can assure you that I will continue to work hard in creating opportunities to make sure we are not left behind.

Dear Neighbor,

I want to inform you on our legislative victories as well as update you on what we have been doing in the community. I am grateful for your support and I am honored to represent you as your New York State Assembly Member. We passed a number of vital bills in the New York State Assembly including Crypto Currency Blockchain Study Taskforce, and the AI and Robotics Taskforce which will allow us as a legislature to monitor the progression of Artificial intelligence. We have also been fighting to bring equity to admissions for specialized high schools, overhauled teacher evaluations, ensured fair wages on public construction projects and we continue to fight to expand voting rights, including early voting.

I am focused on keeping and bringing more jobs for New Yorkers in our district. My office has recently funded a number of local programs and activities and we hosted various mobile offices with New York Legal. I have also attended countless local community events, graduations and programs.

Finally, the executive in federal government has promoted policies that have separated families and attacked organized labor and hard-working immigrants and Americans. We will continue to fight these policies. Such policies are against the moral fabric that this country was built upon. I urge you to stay connected with me via my electronic newsletter. Please send me your email address to participate and I look forward to seeing you all in the community.

Sincerely,

*Clyde Vanel*

WINTER 2023

## SENIOR LUNCHEON FOR SENIOR APPRECIATION MONTH

For Senior Appreciation Month my office hosted a Senior Luncheon to show our love and appreciation for our seniors. Seniors continue to be the backbone of our community and uplift our district. Thank you to our community sponsors!
